PARENT/COMMUNITY TRAINING SESSIONS

Presentation will focus on "What is postsecondary education and training?" This session will explore the different postsecondary programs available to youth who want to further their studies in those areas that interest them. It will also look at those skills needed for postsecondary programs, eligibility versus entitlement, next steps to take if interested, and resources and activities to aid in preparation for furthering one's educational aspirations.

Parents, students, teachers, community members, and interested volunteers are cordially invited to attend the presentation.
